## New Orleans Cotton.

NEW ORLEANS, March 2.—The cotton market became active and firm today on increased trading and the close was at a net gain of 16 to 19 points. This was 21 to 25 points over the lowest and was practically the best of the day.

Selling at the opening brought about a decline of 3 to 6 points, but an advance soon followed as the result of the large short interest. Steady buying by both bulls and bears was stimulated by war rumors which were regarded as favorable. These included a report that the allies had met with fresh successes in the Dardanelles and that a Turkish prince had advised the Sultan to make peace with the allies.

Spot markets were stronger and important points quoted advanced prices which helped stiffen the markets for futures during the last half hour of business.

Cotton futures closing:  
March 8.09; May 8.28; July 8.49;  
October 8.77; December 8.92.

Spot cotton steady, 6 points up. Middling 7.81. Sales on the spot 7.40 bales; to arrive 850.

## Cotton Seed Oil.

NEW YORK, March 2.—Cottonseed oil declined 4 to 13 points early today under scattered liquidation, but later rallied a few points on covering of shorts and professional support. Inspired by the hard strength. Final prices were 5 to 9 points net lower. Sales 16,500.

The market closed irregular. Spot \$6.70@6.90; March \$6.73@6.80; April \$6.80@6.83; May \$6.79@6.81; June \$6.89@6.92; July \$7.40@7.05; August \$7.13@7.16; September \$7.20@7.25; October \$7.17.

## Stocks and Bonds.

NEW YORK, March 2.—On the surface, at least, today's stock market appeared to ignore the latest turn to European events and its possible effect on American foreign commerce. Trading was very light, but prices were well maintained in the better known issues, some of the eastern railroads gaining 1 to 2 points, with recessions in the later dealings. Specialties were increasingly prominent

but the utter absence of investment demand was again a striking feature. There was a renewal, of a moderate scale, of the recent selling for foreign account, chiefly in the bond division, and quoted values in some high grade issues showed concessions. Exchange markets were more steady.

In the final hour there was a precipitate decline in the stock and 4 per cent. bonds of Distillers' Securities, each breaking about 5 points. This was preceded by greater heaviness in the grain markets, which rallied slightly at the close.

The uncertain state of the copper industry was shown by the varying attitude of the producing companies in their dividend policies. One restored its regular rate of disbursement, while others deferred action or made reductions. In the steel trade, prices of certain specialties were advanced.

Erie reported a gain in net earnings for January of \$383,000, and Canadian Pacific and Chesapeake & Ohio managed to cut operating expenses to the extent of yielding moderate net returns, but Seaboard Air Line reflected its recent heaviness with a loss of \$2,000,000. New York Central was firm on its favorable statement issued after the close of yesterday's market.

London's market was steady on improvement in the ship labor situation and reduction of marine rates. Canadian Pacific and Union Pacific reflected moderate inquiry.

The local bond market was irregular, speculative low priced issues declining sharply. Total sales, par value, were \$2,077,000.

United States bonds were unchanged on call.

## Dry Goods.

NEW YORK, March 2.—Cotton goods and yarns were quiet and barely steady today. Silks were in fair demand. Jobbers reported a steady trade in wash goods and white goods.

## Chicago Grain.

CHICAGO, March 2.—Rumors that Turkey would beg for terms of peace broke down values of wheat today 6 1/2c a bushel, but large sales for export from the United States made the market rally. There was a nervous close at 1 5/8 to 5 1/4 under last night. Corn scored a net gain of 1 1/8@1 1/4 to 1 1/4, oats finished off to 1 1/2 up and provisions at an advance of 10 to 25c.

Grain and provisions close:  
Wheat, May \$1.42 1/2; July \$1.16 1/2.  
Corn, May 72 3/4; July 74 3/4.  
Oats, May 55 3/8; July 51 3/8.  
Cash grain: Wheat, No. 2 red, \$1.41 1/4@1.49 3/8; No. 2 hard, \$1.42 3/4@1.50 3/8.  
Corn, No. 2 yellow, 72.

## COTTON HARD HIT

Breaks Nearly \$100 a Bale Upon Receipt of News Allies Plans to Place Blockade Against Shipments.

NEW YORK, March 1.—Cotton broke 19 points or nearly \$1 a bale here today upon receipt of authentic news of the Allies' plans to place a virtual blockade against shipments of all commodities to German ports. October contracts sold off from 9.05 to 8.86. It was feared that the check in cotton shipments to Germany would weaken the spot market as well.

The action of the Allies had been discounted to extend, however, and the outstanding cotton interest was comparatively limited.

COMB SAGE TEA IN  
HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff itching scalp and falling hair.

so that if the report is true that an Austrian fleet has started for the Aegean Sea, which seems improbable, it will have a warm welcome.

Naval men believe that when the fleet gets to work in earnest relays of ships will be sent against the forts, and thus when one section is away replenishing fuel and ammunition others will keep up the bombardment.

The American note to Germany and Great Britain, Germany's reply thereto and the possible American reply to the British declaration prohibiting shipping to and from Germany are creating intense interest here.
